

FEMINIST PROTEST SONGS

By Anabella Roldán (8M-2020)

Feministas en Holanda

(PODER POPULAR)

POOWER... //
Feminist power //
Strike with your sister, you like it, you like it //
And now we are together //
And now they noticed us //
Get down the patriarchy, is gonna fall, is gonna fall //
Rise up the feminists we will be free, we will be free //

(ALERTA)

Aleeerta..
Alerta! Alerta!
We are taking the control
The feminists who protest
Here and around the world

Hey sister! Hey sister!
Let's join us to walk
The patriarchy is falling
And we need to spread the word

(DESPACITO)

Fe-mi-nistas
America Latina is today striking
This is the revolution we will not be quiet
With all the dissidences, let's start the fire

Come on sister
The feminism is growing and we are resisting
We smash the patriarchy, we are all the witches
But we cannot be burned, we will beat the system

Silence is not more an option we want free abortion
We are taking our power, come on let's scream it louder
This is our time to fight 'cause we can change the story
Make the system go on crisis, women of the world united!

(SEÑOR, SEÑORA)

Hey sir! Hey madam!
-Please don't be cold
They are killing the women
And it's just in front your door

(NO ES NO)

No means no!
I have said no!
Which is the part you're missing
Is the N or the O?

(YA DE BEBÉ)

When I was young
I was told to be kind, to wear pink, to look nice
Now I grew up
And we're gay, bisexual, and we fight for our rights

We don't follow no more
What this system decides, we say no and we strike
We are no more alone
On the streets we unite we are ready to fight

Sister hear me shouting
I swear I'll never forget
Of the green wave
For the abortion free and safe

We are all together
We are singing in one voice
We cannot be silenced
Our body, our choice!

(NO SOMOS UNA)

We are not one,
We are not two
We are all the women
One voice, one call

(SALTA SALTA LUCHADORA)

Jumpin' Jumpin' Jumpin' Jumpin' fighter
If we organize... the patriarchy we smash
Here the women jumping we are sayin':
this body is all mine, for this I will decide
(we say) No to violence
Against women and all dissidences
Oooohh how it hurts you, machista!
On the streets we have the organization
